

Great! Please go ahead and share your idea — you can either describe it in text or upload a sketch or image if you have one. Once I see it, I can help you improve it, brainstorm features, organize layout ideas, or even help you build out a basic version in code.

Smart Buddy

Is a format that acts like a friend and a life coach all in one. Smart buddy is formatted into a web design and or app on your phone

Smart Buddy is very good bc a lot of days people often isolated within themselves to get up and be able to do things for themselves

They often feel isolated based on things they see on the internet and what's they could be doing but are not

Smart Buddy brings a motivation and understanding to this concept but not only that most importantly a partner you're able to confined in the things you struggle with if u don't have that already

Smart Buddy helps you with discipline within yourself

Aswell as helps with stress factors and mental well being

Creates programs and things to do based on the type of person and character you are

Has a wide range of data and accessibility within all areas of the world

Gives you guides and help with things you didn't even realize you needed

And helps to track data that goes on within your body

It sees the type of health risk you could be at

And it also sees your body's functionality in a proper format
